

CHAMP CAMP

CHAMPIONS

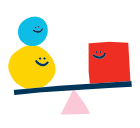

CONFIDENT. SUMMER. PROGRAMS.

AT BOWLING GREEN STATE UNIVERSITY

NEW! ADVENTURES OUTSIDE ALL SUMMER LONG FOR YOUR OUTDOOR ENTHUSIAST.

Join us at **Bowling Green State University** for a summer they'll never forget!

They'll nurture friendships, explore opportunities in STEM, play games together, and reveal new talents in the great outdoors.

SEEKING ADVENTURE

Learn the art of canoeing and kayaking, explore games with international origins, and complete team-building challenges.

UNDERSTANDING NATURE (AND SCIENCE!)

Embrace your investigative mindset! Small creatures are lurking outside, and as young ecologists we'll learn how to nurture and care for them and our earth. Become an amusement park ride designer, explore solar and wind energy, and construct underground structures.

EXPLORING OUTSIDE

Seek and identify plants like berries and wildflowers. We'll learn the principles of responsible hiking, bouldering, and geocaching!

GAINING SKILLS

Go fish! We'll design fishing rods and learn outdoor skills like building shelters, filtering water, and using the sun to produce energy.

FIELD TRIPS

Waterplay is the name of the game. We'll swim in pools and lakes and fly down water slides!
